

## South Carolina Public School District Distribution

### Mean SAT Scores for 2018 Graduating Seniors

**Scores are not reported for districts with fewer than five students testing.**

SAT results are based on graduating seniors in 2018. This report displays scores for those students who, at the time of test administration, indicated that they would be graduating in the 2017-18 school year. SAT data contained in this report reflect a frozen snapshot of College Board's integrated data system as of July 20, 2018.

The College Board administered the first redesigned SAT in March 2016. This report includes senior test-takers who took the SAT in March 2016 or later. Students are counted only once, no matter how often they test, and only their latest score is used in these calculations.

\* Total scores are calculated using the actual (before rounding) score for each test.

\*\*\*"ERW" = Evidence-Based Reading and Writing.

\*\*\*\*Scores for subgroups of less than 5 are not displayed to prevent identification of specific students and their score.
